

AMENDMENT

Serial No. 09/808,558  
Atty. Docket No. GP068-05.CN3

Remarks

The amendments to the specification herein are necessitated by the Examiner's Notice to Comply mailed on January 16, 2004, indicating that there are sequences disclosed in Applicants' specification that are not identified by sequence identifiers. Additionally, Applicants are amending the specification herein to replace "HPA™" with "HPA," as "HPA" was incorrectly identified as a trade name. No new matter is being introduced by these amendments to the specification.
